

Car Parking and Driveway Etiquette

Please find below information about our Carpark and Driveway etiquette. It is important that this information is passed onto your support network for when they may need to do the school run for you.

The quick drop off zone at the front of the office is for use during the morning from 8:00am and afternoon pick up from 3:00pm. This is a NO PARKING zone, and you are not to exit your vehicle while in this area.

Prior to 3:00pm you are required to park your vehicle in a carpark to wait for your children to come to you via the supervised crossing. Here is a link to a video on how this zone is to be used – please take a look to familiarise yourselves with procedures.

A reminder that all parked vehicles must face the school, larger 4 x 4 vehicles are to be reversed into the rear carparks on the oval side – this always ensures clear visibility. The front row of parks is for smaller vehicles, and these are to be driven straight out of – **please do not reverse** from these parks.

The **10kph speed limit** is to be observed at all times when arriving and leaving the school grounds.

You are to always cross the driveway via the supervised crossing – remember that children learn by example.

U-Turns are never permitted from the Prep car park – you are to turn left when exiting this parking area. Please drive to the end of the driveway in front of the Church, follow the arrows pointing towards the oval to come around so that you make a left turn back onto the driveway near the playground end. You are never permitted to drive through vacant carparks for a rapid exit – this practice is extremely dangerous.

Thank you in advance for keeping ALL children safe.
